THE COLLOQUIUM FOR INFORMATION SYSTEM
SECURITY EDUCATION

CALL FOR
PAPERS

19TH COLLOQUIUM
June 15th to 17th, 2015 - Las Vegas

For 18 years CISSE has supported Cyber Security educators, researchers and practitioners in their efforts to improve curricula and foster discussion of current & emerging trends. Please submit your unpublished original paper in the field of Cyber Security/Information Assurance with a focus on education.

> Strategic developments
> Trends and vision for the discipline & Profession
> Standards and guidelines
> Governance and Control
> ICT Supply Chair Risk Management
> Mobile Security
> Best Practices

> Assessment & Accreditation
> Awareness
> Competitions
> Social impact & Ethics
> Diversity and Cybersecurity
> The Development of Cyber/IA as a discipline
> Novel research in the field

ACADEMIC PAPERS

If your paper is chosen for presentation at our conference, it will be published in our Journal, *The Proceedings of the Colloquium for Information Systems Security Education*.

All submissions must be anonymized to allow for double-blind reviewing. Authors are expected to make a good faith effort to make their submissions geographically and institutionally anonymous and should not identify themselves either explicitly or by implication (e.g., through references or acknowledgments). Submissions violating formatting or anonymization instructions will be returned without review. Papers on original unpublished results may be at most 10 pages in length (single-column, single-spacing, at least 11 point font, with reasonable margins, including figures, tables, and references). Accepted papers will be published in the conference proceedings and it will be required that at least one of the authors register and attend the conference to present the paper.

STUDENT PAPERS (In the above area of focus) All the following criteria must be met:

> Submitting author must opt-in to the competition during the regular submission process and follow all the instructions provided on the submission site
> The presenting author must be an undergraduate or graduate student of an educational institution of collegiate grade who is devoting more than half-time to studies within the institution, at the time the paper was written

> The paper must be submitted and accepted during the regular "call for papers" process
> Student must present the paper during the conference
> One lucky Student Paper will be selected for the Erich Spengler Student Cyber Paper-award. The awardee will receive free registration, plus a travel and hotel stipend

PAPER SUBMISSION

Authors are invited to submit papers to http://bit.ly/1wWdfyq

Submission Deadline   April 15, 2015
